### VICAR (0.5)

Christ Church with St Philip, Worcester Park (Methodist LEP)

and

### ASSOCIATE PRIEST (0.5)

St Oswald, in the Cheam Team Ministry

Our suburban parishes on the borders between Greater London and Surrey are seeking a priest who will work with us to build a new and exciting vision for our churches, bringing about change and engaging in pioneering mission as we seek to further God's kingdom amongst the people we serve.

Part of a cluster of three parishes in Cheam, Worcester Park, and Belmont, the person we are looking for should be:

- **Collaborative:** a true team player, they will be prepared to work closely with Church of England and Methodist ministers as well as laity across the group;
- **Risk-Taking:** ready to make courageous decisions, they will engage in projects which challenge the status quo;
- **Creative:** innovative and pioneering, they will bring new ideas to the group which diverge from traditional expectations of church;
- **Missional:** with a pioneering focus to their ministry, they will seek ways to connect with those who have had little, if any, contact with church;
- **Transformative:** with an infectious passion for the Gospel, they will enable new life to flourish within our church communities and without.

**Interviews and Parish Visit: Date to be determined in September 2021**
